

Take Your Chances

It's all gone quiet, and I'm still waiting
With an image of you hard and fast in my mind
Deep in this haze, oh, I'm still contemplating
Never knowing quite what to say, or what I'll find

Everyone's trying to find their own way
Can't wait much longer so you say, what you feel

You take your chances, you walk that line
Cause I don't wanna let you go, baby
You take your chances, you walk that line
Cause I don't wanna let you go, baby

So it's all in the air, now I'm just driftin'
Recalling every moment, through and through
Gonna carry it with me, it's a photograph that's fading
And I'll look back on a good day with you

Everyone's trying to find their own way
Can't wait much longer so you say, what you feel

You take your chances, you walk that line
Cause I don't wanna let you go, baby
You take your chances, you walk that line
Cause I don't wanna let you go, baby

It's all gone quiet

You take your chances, you walk that line
Cause I don't wanna let you go, baby
You take your chances, you walk that line
Cause I don't wanna let you go, baby

You take your chances, you walk that line
Cause I don't wanna let you go, baby
Baby, baby, don't wanna let you go
You take your chances
Cause I don't wanna let you go, baby
Baby, baby, don't wanna let you go
